

# THE FARM TRIBUNE

VOL. XIII — NO. 44

PUBLISHED WEEKLY — PORTERVILLE, CALIFORNIA

Thursday, April 28, 1960

WILLIAM WARNE, state director of agriculture, is shown at the mike introducing Walter T. Shannon, right, head of the state department of fish and game, who spoke Monday evening before the 1,500 sportsmen, their wives and children who attended annual Southern Tulare County Sportsmen's association banquet held at the Rockwell plant. Outgoing association president, Melvin Frasher, introduced incoming president, Earl Gray, and also thanked his committee workers. Other 1960-61 officers of the association are: Jim Nickell, first vice president; Dick Reed, second vice president and Max Young, secretary-treasurer. Invocation was spoken by the Rev. Charles Brandon; Buck Shaffer's Studio band provided music; special tribute was paid to the late G. W. Philpott, fish and game leader, whose wife, Jane, attended the meeting. Master of ceremonies was Lester J. Hamilton; 150 donated door prizes were given away, with grand prize of a boat and outboard motor being won by Louie Futrell. (Farm Tribune photo)

## Darrel Schieler Is High Man At FFA Field Day In Fresno; Team To Compete In State Finals May 7

PORTERVILLE, Apr. 28 — Darrel Schieler, Porterville high school Future Farmer was high man in tractor driving and farm machinery adjustment at 12th annual Fresno State College FFA Field day last Saturday, in competition with Future Farmers from 27 other schools of the state.

Porterville FFA team on tractor driving and farm machinery also included Danny Ramirez, who placed second in this class and first in arc and gas welding, and Sparky Noble, a freshman, who placed fifth in tractor driving.

This team finished in second place, state-wide, and will compete in state finals to be held at Cal Poly, May 7.

In the livestock contest, Gordon Todd Jr. placed second in sheep judging with 132 boys from

44 schools competing. The team placed 24th. Other members of the team were Dan and Bob Nuckols.

In the vine (grapes) judging, Don Kevorkian, Bill Wilcox and Richard Callison placed fourth in the Thompson seedless class.

The fruit tree team consisting of Gary Giraudi, Jim Ignatieff and

## LOUISE LOCKETT TO BE HONORED AT TEA, SUNDAY

DUCOR, Apr. 28 — Plans are being completed by members of the Ducor Parents' club for the tea to honor Mrs. Louise Lockett, Ducor teacher, next Sunday afternoon, May 1, from 2 to 4 o'clock, in the Ducor School cafeteria.

Mrs. Albert Jones, general chairman, is being assisted by Mrs. Olin Gould, chairman of the refreshment committee; Mrs. Marion Hughes and Mrs. Lewis Chamberlen, in charge of the decorations; Mrs. Karl Johnson, in charge of

(Continued On Page 12)

## STRATHMORE FFA BANQUET TONIGHT

STRATHMORE, Apr. 28 — Annual Parent and Son banquet of the Strathmore Future Farmer chapter will be held at 7 o'clock tonight, Thursday, at the Strathmore Elementary school to honor parents and those persons who have rendered outstanding service to the chapter during the past year. Guest speaker will be Ed Olson, manager of the Independent Olive Growers of California.

## HIRE A VETERAN WEEK IS MAY 8-14

PORTERVILLE, Apr. 28 — "Hire A Veteran Week" will be observed in Porterville, and the state of California, from May 8 through May 14, under sponsorship of the state department of employment and the American Legion.

Purpose of the week is to draw

public attention to the occupational qualifications of veterans of the armed forces and to urge employers to place their order for workers with local offices of the state department of employment so that veterans "may receive priority of referral to jobs as prescribed by law."

## FAIR'S HORSE SHOW EVENTS ANNOUNCED

PORTERVILLE, Apr. 28 — Action events will be featured in the annual Porterville Fair Junior Horse Show and Gymkhana that is set for 10 a.m. on the final day of the fair, May 21, it has been announced by John Keck, show chairman.

Eight events have been listed, with an entry fee of one dollar to be charged in four of these events. Keck states that one rider can enter only four events, thereby making it possible to compete for high-point all-around champion honors without participating in an event for which an entry fee is charged.

Entry blanks for the show, and complete rules, can be obtained from Keck, at The Farm Tribune, 522 North Main, Porterville; at the Porterville chamber of commerce, or from Rolla Bishop, fair board secretary, P. O. Box 213, Porterville.

Events listed for the show are: Key race, open, entry fee; clover-leaf race, 14-18 year age limits, entry fee; sack race, 8-13 years, no entry fee; saddle race, 14-18 years, no entry fee; stake race, 8-13 years, entry fee; in-and-out-

## Four Thousand Entries Expected A 33rd Annual County 4-H Fair To Be Held At Tulare On May 6-7

By John A. Wagenknecht, 4-H Farm Advisor

VISALIA, Apr. 28 — The 33rd Annual Tulare County 4-H Club Fair will be held Friday evening and Saturday, May 6 and 7 at the County Fairgrounds in Tulare, with more than 4,000 different exhibits to be displayed.

Judging of home economics projects will start Tuesday, May 3, in the Commercial building on the fairgrounds. Baked foods will be judged in the same building Thursday, May 5. Home furnishing, canning and freezing will also be brought in and judged on Thursday, May 5. All of these exhibits will be on display to the public while the fair is open Friday evening and all day Saturday.

Electricity, woodworking and entomology exhibits will be delivered to the fairgrounds Thursday afternoon and evening. Judging of electricity, woodworking and entomology projects will be started that evening. Judging of these items will continue, if necessary, Friday evening.

Livestock will also be delivered Thursday afternoon and evening. However, beef, sheep and swine will be judged Friday evening. (Continued On Page 11)

## Irish Vice Counsel To Attend Concert

PORTERVILLE, Apr. 28 — The Vice Counsel of Ireland, from San Francisco, will attend the annual Spring Concert of the Porterville high school vocal department the evening of May 6 in the Memorial auditorium. The Girls' Glee club, directed by John Vaznaian, will present a selection of Irish songs. Featured also will be vocal groups directed by Arthur Huff.

## \$166 CASH IN TUESDAY BONUS POT

RICHARD DEACON, who "graduated" from Porterville's Barn theater to become one of the busiest supporting role players in Hollywood television and motion pictures, will appear on the Barn theater benefit Variety show that is slated for the Memorial auditorium the evening of May 14. Deacon will join the stars of the "Father Knows Best" TV show, Robert Young and Jane Wyatt, who are also booked for the May 14 varieties.

## "HOSS" CARTRIGHT TO ROUNDUP

PORTERVILLE, Apr. 28 — "Hoss" Cartright, of the famous Cartright family from the "Bonanza" television show, will appear in person at the 13th annual Porterville Roundup, May 7 and 8.

"Hoss", who is actor Dan Blocker, will ride in the Western parade that will open Porterville's Roundup weekend at 10 a.m. on Saturday, May 7.

He will appear both May 7 and May 8 at the Porterville Roundup, and will also attend the western dance that will feature Cousin Herb at the Cummings barn, the night of May 7.

"Hoss" will ride out of the pioneer Virginia City country of the Bonanza show to appear at the Porterville Roundup. Little Joe, Adam and Ben, other members of the Cartright family, are sending "Hoss" on his own to keep this date.

Brilliant banners flying above (Continued On Page 12)

## Golf Course In Dam Area?

PORTERVILLE, Apr. 28 — An 18-hole golf course, a country club, a 120-home subdivision, a motel and a restaurant are included in plans for development of 300 acres lying along the Tule river, south of 190 highway and east of the River Road takeoff. Local interests and southern California developers are now working on the plan; local spokesmen for the group is Ed Olson.

## Three-Day Open House Will Start E. F. Drew Company Lindsay Plant

LINDSAY, Apr. 28 — Open house ceremony to officially get underway the Pacific Coast operation of E. F. Drew & Co., Inc., Malaga division, will be held over a period of three days at the company plant on old highway 65, south of Lindsay.

Ribbon-cutting ceremony, with "notables" invited to attend, is set for 10:30 a.m., Thursday, followed by lunch at the Starlight Inn in Porterville; on Friday, employees, their families, and western industry representatives will tour the plant; on Saturday, from 10:30 a.m. until 5:00 p.m., the public is invited to inspect the plant. A free, pound package of Drew's Tri-Nut margarine will be given to each adult visitor.

Since the Drew company uses an exclusive Danish process in their Tri-Nut margarine, Miss Karen Von Ungo, International Danish hostess, will be flown in for the three-day open house.

The Drew company serves 58 major industries, ranging from human and animal nutrition to guided missiles; it is the largest independent refiner of coconut oil in the world. With headquarters in

## FISHIN'

BY

SLIM

WASHBURN

Prospects for the opening of trout season on the Tule River watershed this weekend are the best in years. Storms of last weekend had little affect on the streams; water is low and clear on all forks, and unless it rains after today, it will remain so.

Roads are open to Quaking Aspen, Balch Park and Jack Flats.

The Tule river will be planted with catchable trout around Camp Nelson, Camp Wishon, and the heaviest from Springville upstream to Coffee Camp.

The North Fork (Jack Flats) will not be planted for the opening. The North Fork, as of this year, is open to fishing with "flies

(Continued On Page 12)

## Editorial Comment

### JOHNSONDALE ROAD IS NEEDED

Mountain roads are usually thought of in relation to tourist travel, and without doubt tourist travel in this area has great economic value.

But one mountain road specifically — the Johnsondale road through California Hot Springs, has much more than tourist value. It has everyday, year-around business value.

Several hundred families now reside at Johnsondale; logging and mill operations there are again being expanded; from all that we can learn, many Johnsondale residents would like to come to Porterville to trade if it was easier to make the trip.

At the present time, the Hot Springs-Johnsondale road leaves considerable to be desired. It is narrow, winding, and often in poor repair; its principal purpose seems to be as a fire control road.

Yet the public uses it, and would use it more if it was improved.

Which brings us to our point. Chambers of commerce in southern Tulare county, particularly the Porterville chamber of commerce, should study this road carefully, make a survey as to its use if it was improved, then, if the results of the survey show a need (and we believe they would) start the ball rolling toward improvement.

Until enough people start jumping up and down in a sufficiently agitated fashion to call attention to the importance of the Johnsondale road, nothing will be done.

Let's go, Porterville C. of C.

### Our Town

By GARDNER WHEELER

### ORANGE BLOSSOM SNIFFERS SHOULD READ FINNEGAN'S LAW

IF THE ATMOSPHERE of a community has any influence on its citizenry, our town should be fairly oozing with sweetness and kindness. For the past two or three weeks, the orange blossoms have been giving off a heady aroma that enchants both bees and sniffers. Sniffers should not be confused with snufflers, who make funny nasal noises and draw dark looks from people 'round about them. Sniffers on the other hand, tilt back their heads and inhale deeply of the aroma in the air. This sport does something for the inner soul of the sniffer and bothers no one.

WELL, AS WE SAY, these last few weeks have been a sniffer's delight, because there are more orange trees hereabouts than ever before, and each seems to be trying to outdo every other in the matter of blossoms. Porterville seems to be having a second childhood, in the matter of citrus plantings; not in the town proper, of course, but in the greater Porterville area, as the C. of C. calls it. This stretches roughly from South Goshen to the county line. Johnson grass, Bermuda and wild oats are being ruthlessly up-rooted and are being replaced by young orange trees, as the killing freeze of 1913 becomes more and more of a myth than a reality.

THIS, OF COURSE, IS an operation of Finnegan's Law, which is also called the "prosperity vacuum". Finnegan invented this before the vacuum was known or properly understood. Said law

holds that whenever there is a prosperous business, it creates a vacuum that attracts new money and expansion. From the quantity of plantings, citrus has been very prosperous, indeed, of late. Incidentally, Finnegan died broke.

QUITE APART FROM THE economics of the situation, we recommend joining the sniffers these Spring nights. No investment is involved, and it can be done any time, anywhere, and can even create a feeling of sweetness and kindness in the participant.

CIVIC OUTRAGE DEPARTMENT: Last week we touched on the matter of the intrepid bird that had set up house-keeping in the green traffic light at Main and Morton. The effort went for naught, and we will never know if the hatch would have turned out green. Some unimaginative light cleaner, in his regularly appointed rounds, descended on the happy home with lethal swab and mop, and broke up the deal. Certainly, this individual has no poetry in his soul.

## ELEVEN SUMMER CAMP SESSIONS PLANNED BY YMCA; SIGNUP SET FOR MAY SEVENTH

TULARE, Apr. 28 — A total of 11 sessions of camping will be offered to the boys, girls and families of Tulare county by the YMCA in their schedule for Camp Tulequoia, starting June 11, it has been announced by Lewis Stroh, "Y" secretary.

"Our camping program this year will include every one in the family," said Stroh. "Starting off the season will be our Father and Son on June 11 to 13th. Our special 'Midget Camp', for 7 and 8 year old boys will be June 28 to 30th. This was one of the most popular activities held at Tulequoia last year."

Other camps include: Boys age 10 to 14, June 30th to July 7th; boys 9 to 12, July 14th to 21st, July 28th to August 3rd, August 20th to 27th. Girls' camps will be held July 7th to 14th, July 21st to 28th, August 3rd to 9th. All girls' camps are for ages 9 to 14.

Families will be at Tulequoia September 3rd to 5th. The popular Co-Ed camp for boys and girls 14 to 17 years of age will be August 27th to September 3rd.

Two new cabins will be built this year by the Tulare and Visalia Y's Men's clubs. They will be redwood exterior with 400 square feet of floor space and will serve 10 campers and a leader.

Camp Sign Up day will be held on May 7th and all campers registering on that day will receive a free tee shirt or hat. "Last year we registered 660 in the first day, so we would urge all interested people to be at their local registrar on May 7th if they want to be assured of a place in camp," concluded Stroh. Porterville registrar is Gibson's Stationery store, 429 N. Main, Porterville.

## CHAPEL CHIMES

By  
Rev. N. J. Thompson

"If thou hast two pennies, spend one for bread. With the other, buy hyacinths for thy soul." Thus spoke an ancient Persian poet.

Hyacinths for the soul? Anything that uplifts, inspires, nourishes your mind and heart — poetry, music, nature, religion.

How my garden stirs my soul! Roses of white, golden-yellow, and coral-red vie with each other in spreading color and fragrance. Around the honeyed orange blossoms hum innumerable bees. Under the young date palm, sweet alyssum spreads a purple mat. Yonder, in the rock garden, aralias proudly open glossy green hands amid the uncurling fiddleheads of wood ferns.

Hyacinths for the soul? Church-going, of course. Worship of Almighty God, Maker of heaven and earth. In a world that spells success with a dollar sign, we need to re-discover the beauty of holiness, the joy of salvation, the value of faith, hope, and charity.

Jesus put it this way, "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God" (Matthew 4:4).

The prophet Isaiah exhorted, "Why do ye spend money for that which is not bread, and your labor for that which satisfieth not? Harken diligently unto me, and eat ye that which is good, and let your soul delight itself in fatness." He was speaking of food for the soul — a knowledge of spiritual things. He was urging men to seek the Lord.

Seeking God through prayer and Bible study enriches our souls as nothing else can. The rewards are immeasurable — peace, pardon, love, fellowship with Christ, sonship with the Most High God! The Bible doesn't exaggerate when it states that the believer rejoices "with joy unspeakable and full of glory."

Buy hyacinths for thy soul!

## Open House Set At County Hospital On May 14 And 15

TULARE, Apr. 28 — An "open house" program on Saturday and Sunday, May 14 and 15, from 2 p.m. until 4 p.m., at the Tulare County hospital, will climax observance of National Hospital week, May 8-14.

The open house program, and week-long observance, is sponsored by the Employees' club of the Tulare County hospital.

California feedlots had 496,000 head of cattle and calves on feed for market finishing on April 1, a figure 34 per cent higher than a year previous.

## News Of The SPRINGVILLE COMMUNITY

By WINNIE GAGE

Mr. and Mrs. Ted Frost and son of Redwood city were weekend guests of her mother and stepfather, Mr. and Mrs. Allan Gage.

George Hunnicutt, who was injured in a car wreck two weeks ago and who was in Vets. Hospital in Fresno, was able to return to his home last Tuesday and is slowly recovering.

Mr. and Mrs. Troy O'Neal and family of Porterville, owners of

Buckhorn Ranch Apple Orchard, have sold their Porterville property and moved into a house on the Roy Brooks ranch until they can build a house.

The April meeting of the Springville 4-H club began with a report by Johnny Brockman, on the club's money raising event, the selling of hot dogs at the Springville Rodeo. A profit of \$172.00 was made.

Project reports were made by Jane Choate and Patty Murphy. Demonstrations by Carolyn Cranston, Margaret and Barbara Brand.

A nominating committee was also chosen. Members are Kenny Hanggi, Steven Moore, Maureen McDonald, George Costa Jr. and Marian Brockman.

Weekend rainfall was .34 in. bringing the season's total to 16.46, compared to 7.80 last year's total. Eight inches of snow at

Camp Nelson over the weekend was reported by Patrolman Frank Counts, but had melted by Monday.

Jesse Keasey sold his mountain cabin at Camp Nelson to Ingle King of Lindsay and has moved into one of Tom Smith's houses on River Drive.

Mr. and Mrs. C. T. Thomson have returned to their home in Cilliwack, British Columbia, Canada, after a week's visit with his sister and husband, Mr. and Mrs. Wes Kutzner, and they were weekend guests of Mr. and Mrs. H. I. Hammonds at Camp Nelson.

The annual Homecoming held Sunday, April 24, in the Memorial building was well attended.

Fifty people were present at the potluck supper at the Pleasant Valley Wednesday evening. Nature Study slides were shown by Don Williams of Porterville.

Pleasant Valley Guild will meet Friday evening at the Chapel. President, Mrs. Fern Eppert, presiding.

Muriel Moore, of Porterville, was guest organist at the Chapel Sunday service during the absence of Mrs. Marian Spees.

## Time Out

By DAVIS HARP

### TETHER BALL CHAMPIONSHIP HAS ITS TRIALS AND TRIBULATIONS

It seems that spring time is always the time of year when we decide to get into shape. Shape being the physical state in which we would look slim, trim and like one who drinks a popular soft drink. Young and fair and so on.

Recently our wife shook a menacing finger at us and informed us that we were on a diet. Which was of no particular surprise to us, as we spent a hard winter stretched out on the living room sofa and had added a few bulges to our more familiar bulges. So we embarked on a diet adventure.

We noted that our temper became obviously shorter in the evenings after having stowed away a hearty meal of tomato juice and a big thick stalk of rank celery. But the wife stands guard over the refrigerator and the diet still prevails.

To aid us in our current campaign against ugly fat, as they say in the magazines, we have become a back yard athlete. Our store of athletic supplies consists of one tether ball. This is the game that is played by trying to wind a ball on a long rope about a tall metal pipe. Your opponent resists in all possible legal manner. When you are playing this game against the wife this might mean anything short of kicking sand in your opponent's eyes. The wife is probably the most fierce competitor we have ever engaged in sport. She snarls, threatens, and tries trickery. All to no avail as we stand unbeaten. Our list of vanquished opponents includes the wife, mother-in-law, father-in-law, sister-in-law, and a nine year old neighbor girl from down the block. You might say that we hold the unofficial tether ball championship of Villa Street.

We work on our game a while every night, the way a champ should do if he hopes to remain on top of the heap, 'cause any fool who ever watches TV knows that the top man is always hunted, and dogged by those that would have his position. There's a certain loneliness about being a champion, ya can't trust anyone. Let your defenses down for a moment, and "bingo", you're an ex-champ. We know how Archie Moore, or Matt Dillon, or Bat Masterson must feel.

So the battle against ugly fat

### DAIRY QUEEN TO BE CROWNED

LOS BANOS, Apr. 28 — California Dairy princess will be crowned in a ceremony at the Merced county spring fairgrounds tomorrow. Fourteen girls are seeking the title.

continues. Only now, with the unofficial Villa Street Tether Ball Championship weighing our shoulders, we find worry working on the waistline. Suspicion lurks constantly in our mind, every time a car pulls into the driveway we view the driver through narrowed eyes. A challenger for our title maybe. Such is the life of the top man.

From  
Daybell  
Nursery  
By John

This next week the California Association of Nurserymen is sponsoring a State-wide sale. We should probably start this column with the sale punch line which reads "Zing -- it's spring" The only problem is we're not sure if it's really spring. It could be summer in Death Valley or winter in Alaska according to which day you pick.

This sale is called the "Can-can Carnival." In the large nurseries they have can-can girls around to take your mind off the prices. With our limited budget and bow legs we're forced to have lower prices instead. Some of these specials include Pyracantha, Gardenias, Oleander, and Aralia. Pyracantha is the plant with red berries at Christmas time — Gardenias have white flowers — Aralias are tropical looking with big cut leaves. Oleander are hardy and bloom profusely with red, white or pink flowers. These last are used by the state along the freeways and make excellent barriers beside your driveway. Keeps your wife from backing through the fence.

Pen fed steer manure is one dollar a bag during the sale with Bandini gro-rite fertilizer in the regular three fifty size for two ninety-eight. There are several smaller items which we are peddling from Friday, April 29 through May 8, at prices from ten cents up. These are things we either have too many of, too few of, or are just tired of falling over. Come on in and snoop around — On "E" Street just north of Olive.

A TUESDAY BONUS STORE

## AT LAST! Science Now Gives You Clear Hearing Again . . .

### WITH NOTHING IN EITHER EAR!

The new electronic "break-through" has aroused enthusiasm among business men who don't want to wear a hearing aid, but want to hear clearly in conferences, meetings, at the theatre, etc.

It's no longer necessary to advertise your deafness by cupping a hand behind your ear, asking people to repeat, or wearing an old-fashioned "hearing aid." It's no longer necessary to miss the theatre because you can't sit in the first few rows.

The exclusive, patented new Listener will let you hear clearly without having a seat in the front row. It's always ready. Put it on or take it off as easily as a pair of glasses. No wires, cords, tubes, or ear plugs — works on contact with the head. Your appearance is completely natural.

The principle is simple, but never before has it been applied with such amazing effectiveness. A remarkable new "Tympano Technique" by-passes the defective outer and middle ear, conducting sounds directly through the mastoid process to the healthy, active inner hearing mechanism.

Find out — without any cost or obligation — how this scientific electronic development will help you hear again clearly and distinctly WITH ABSOLUTELY NOTHING IN EITHER EAR. Find out how it can help you enjoy normal business, social and religious life.

Just send name and address for FREE booklet on new patented "Tympano Technique." Write Otation Listener Laboratories, 2036 Mariposa Street, Ossining, N. Y. (Adv.)

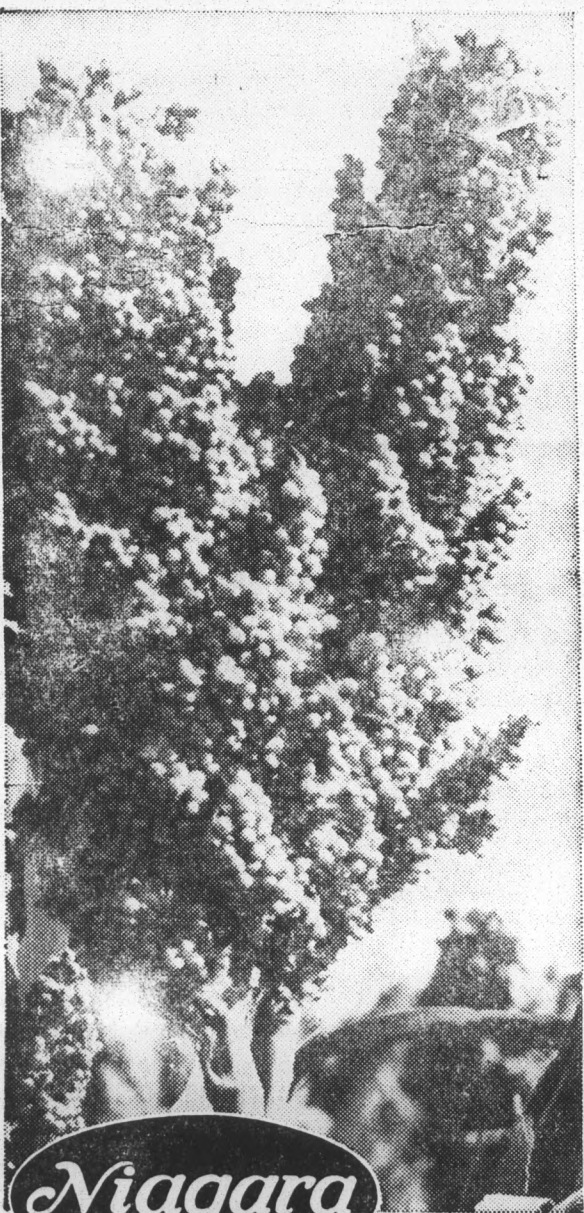

## Frontier Sorghums Produce Top Yields of Grain or Silage

Niagara offers a great new line of field-tested sorghums that produce with the best. Frontier brand hybrid sorghums are crop-tested for top germination and double-treated for maximum protection against soil insects and fungi. Here are superior sorghums with a record of producing big, profit-building yields.

For grain choose from Frontier 400B or Frontier 411. Both produce large, light-red seeds in slightly open heads. Harvesting qualities are excellent because heads are carried well above sparse leaves. 400B gives top production even under adverse growing conditions.

Frontier S210 is an excellent silage sorghum. It can be cut twice with yields averaging eighteen and twenty-two tons per cutting. S210 produces white, palatable grain, grows six to eight feet in height and has a large juicy stalk with a high sucrose content that retains its sweetness.

For a profit-building sorghum or corn program for grain or silage, see your local Niagara Field Representative, or call:

## 4-H Clubs Thanked For Improvement Work On Fair Grounds; Directors Here Report On Plans For May 19 - 20 - 21

PORTERVILLE, Apr. 28—Two 4-H clubs, Prairie Center and Pleasant View, were thanked for their work on the Porterville fair grounds when directors of the fair met Friday evening at Gang Sue's to further plan the 1960 fair that is set for May 19, 20 and 21.

Pleasant View 4-H members have added one eight-foot-square stall to the livestock wash rack, added hose outlets and installed five new faucets. In addition, new

gates were constructed and the entire wash rack painted.

Prairie Center 4-H members are conducting a cleanup drive that includes the cleaning and painting of the dressing rooms in the livestock area and the rest rooms.

In other items of business, Lee Martin, exhibits superintendent, reported that a total of 81 commercial spaces have been contracted for, with only five inside and five outside spaces remaining, all of which have contracts pending.

Bill Joos reported that the fair's annual pet parade, now a traditional opening-day feature for children of elementary school age, is being organized; Lloyd Rider stated that things are moving along all right in the poultry department; Merv Brown, new director of the fair, reported that an excellent farm implement and car display is shaping up.

Reports were also given that the home economics division of the fair, directed by Mrs. John Guthrie, will probably have a record number of entries; junior horse show and gymnastics, under direction of John Keck, has been set for Saturday morning, May 21.

A special feature of this year's fair, it was announced, will be a concert by the Bartlett school band, under direction of Jerry Kuhlman, on Friday night, prior to the grandstand show.

Concerning the outdoor, professional show that will be presented each night of the fair, it was reported that final negotiations have been completed with the Al Wager Theatrical Agency of Hollywood, and that contracts are about ready to be signed with the show cast.

## County Gin Officials State Group Officers

BAKERSFIELD, Apr. 28—Troy Tuttle, manager of the Earlimart Co-Op gin has been named secretary, and Ralph Bissell, a director of the Central Valley Growers gin at Tipton, is a member of the executive committee of the California Co-Op Gins association.

## YOUR LEGISLATOR AT WORK!

Senator  
J. Howard Williams  
32nd District,  
California State Legislature

As the first of its kind in the Nation, the new smog control legislation enacted at our recent special session is attracting attention across the continent. Interest is intense, of course, in automotive manufacturing centers, and the attitude of metropolitan centers in other states who are also afflicted by smog laden atmosphere is one of hopeful waiting.

As I wrote in a previous column, while the new act is now on the statute books, having been signed by the Governor, it does not actually go into practical effect so far as California motor vehicle owners, dealers and servicemen are concerned until one year after two exhaust fume control devices have been legally approved by the state department of public health. However, so many queries concerning the operating dates in the law, and about possible devices themselves are pouring into our offices, so I thought it might be helpful to readers of this paper if I were to review the facts in greater detail.

First, as to the effective dates and other operational features of the law. To repeat, no motor vehicle is required to have a "certified motor vehicle pollution control device" until one year has elapsed after certification of two such devices. After that, every new passenger motor car and every used car sold to another owner must be equipped with one before it can be licensed by the department of motor vehicles. No used commercial motor vehicle (truck) can be licensed after the second December 31 after the certification date unless a control unit has been installed. As an example, if the certification date were May 1, 1961, this truck date would be January 1, 1963. All motor vehicles are required to have control devices after the third December 31 following the certification date.

Provisions of the law authorize boards of supervisors of counties not included in any air pollution control district to adopt resolutions, after public hearings as prescribed, which suspend the installation requirements of the law for

vehicles based in such counties for periods of two years. Similar suspension powers are also given to the governing bodies of multi-county air pollution control districts to apply to all counties in such district. Supervisors in counties only partly in a district are also given these powers with respect to the portions of such counties not in a district.

Smog experts tell us that as much as fifty percent of dangerous fumes may come from the crankcase or fuel system of a car, or as much as eighty-five percent from the exhaust pipe. Two promising types of devices are well along in development. The "catalytic" variety forces the exhaust fumes through a bed of chemicals which change the dangerous materials into harmless carbon dioxide and water. The "afterburner" type mixes air with the exhaust and returns the mixture to eliminate carbon monoxide and unburned fuel. Either type, it is felt, can reduce polluting products the 90 to 95 percent believed necessary.

A thirteen member motor vehicle pollution control board, nine appointed by the Governor with Senate consent, and four representing state departments concerned, is established by the law. Its jobs are to adopt needed rules, have the devices tested, certify

those passing the tests, exempt certain kinds of vehicles (such as motorcycles, farm vehicles, and other special types) from the law. The board is required to make regular reports to the Legislature. Penalties for violations? Refusal of car license, plus a fine or jail sentence for making a false statement about a control device on a car.

WHAT DOCTORS SAY ABOUT:

## Athlete's Foot

• Brain Damage

**Q. I am fifteen years old and go bowling pretty often. My parents say I can catch athlete's foot from shoes rented at the bowling alley. How can I protect myself and still go bowling?**  
**A.** The best way is to buy your own shoes. However, when renting ice skates, roller skates, bowling shoes, etc., a bland foot powder could be sprinkled in the shoes before using or thick socks can be worn. This affords some protection.

**Q. How long can the brain go without oxygen?**  
**A.** The effects of partial or complete oxygen lack on the brain can best be judged in persons who have been "brought back to life" after the heart stops beating. Apparently, the longest period of oxygen deficiency without brain damage is about four minutes.

We can fill your prescription immediately whether it calls for the newest "miracle drug" or one as ancient as the profession of Pharmacy.

## THE REECE FAMILY POOL

AT THE RANCH OF BILL AND ANNE REECE

### CAN YOU GUESS WHAT IT COST?

. . . BET YOU MISS IT BY SEVERAL HUNDRED DOLLARS. IN FACT, SOME PEOPLE HAVE OVER-GUESSED ITS PRICE NEARLY DOUBLE. AND NO WONDER — IT ISN'T OFTEN THAT YOU SEE A POOL THIS ATTRACTIVE THAT COSTS . . .

### LESS THAN A STANDARD-SIZE CAR!

. . . THAT'S RIGHT! THIS 14x28 FAMILY POOL CAN BE DUPLICATED ON YOUR RANCH OR LOT FOR LESS THAN \$2,500. AND, THAT'S COMPLETE — NOTHING MORE TO BUY — EXCEPT A SWIMMING SUIT. AND BEST OF ALL, THIS POOL REQUIRES ONLY . . .

### A MINIMUM OF UPKEEP

. . . BECAUSE THE POOL HAS A VINYL LINER IT IS PRACTICALLY ALGAE PROOF — REQUIRING ONLY A MINIMUM AMOUNT OF CHLORINE AND A MINIMUM AMOUNT OF LABOR TO KEEP IT SPARKLING CLEAN AND REFRESHINGLY PURE. AND, THAT'S IMPORTANT FOR PEOPLE WITH LIMITED BUDGETS AND A LIMITED AMOUNT OF TIME IN WHICH TO HAVE . . .

### A MAXIMUM OF FUN

. . . AND THAT'S WHAT THE REECE FAMILY ARE HAVING — A LOT OF FUN. "IN FACT," SAYS BILL, "IF I HAD KNOWN HOW MUCH FUN MY FAMILY WAS MISSING, I WOULD HAVE BOUGHT ONE YEARS AGO." TO WHICH, SAYS ANNE, RUSSELL, NORMA, JOHN, CATHY, BRYCE AND GRANDMA — "WE TOLD YOU SO" — "I GUESS," SAYS BILL, "I WASN'T LISTENING." BUT, YOU DO.

By BILL RODGERS

PARKING, WHOSE responsibility?

SHOPPERS SAY that if merchants want their business, there must be parking available, and with everyone riding on wheels, developments in many communities have shown that if shoppers don't get parking, they go elsewhere.

BUSINESS MEN say that they must have parking to serve their customers, and in serving their customers there is certainly the thought of private profit.

STORE PERSONNEL say parking must be available to them, and there can be no argument about this. In Porterville, some 750 cars are driven into the "downtown" business district every morning to remain someplace until closing time at the end of the day. These cars cannot be ignored because of the simple fact that they are there — every day.

CITY OF PORTERVILLE says that it will provide some parking. Pattern of the past several years indicates that this city-owned parking has been provided as rapidly as funds from parking meters becomes available, and, generally, in areas scattered through the downtown business district.

SO WHAT does it all add up to. Perhaps this: Shoppers, through the use of parking meters, have, in a sense, provided their own parking to considerable extent. Individual business firms, to a much greater extent, have invested their private capital in many instances to provide the special parking needed by specific businesses.

THE CITY has assumed responsibility for administering and improving public parking lots, which means that in the total picture, cooperative effort among shoppers, business owners and the city has, and is, providing parking in Porterville.

NOW, WHAT is the problem? Obviously, it is to continue to make adequate parking available for benefit of shoppers and business firms; also the problem is to expend public money for parking on a basis of public good to be derived, and private money for parking on a basis of benefit to specific businesses.

THIS MAY well bring about a new policy within the city of Porterville, a policy whereby there will be joint financial participation with public funds and private funds on specific parking lots.

IT SHOULD be borne in mind that every parking lot has its specific problems. For example, the degree and extent of benefit is certainly different on the "Thurman" lot, between Hockett and D street, where there are no adjacent businesses, as compared to the Cobb-Divizich lot at Garden and Second, or the "Mentz" lot just off Hockett between Oak and Mill streets, where business firms are closely adjacent.

AND CERTAINLY those 750 cars used by people who work in stores must be considered in any analysis of parking in Porterville. They have to be parked someplace.

AS WE personally consider the problems of parking, we lean more and more toward the idea that parking in the general area between Cleveland and Olive, Hockett and Second, should be controlled by time or by meter, while shading out from this general area, parking should be much less controlled. We think that application of this idea might well keep shopper parking open in the downtown business district, while, at

(Continued On Page 8)

## Calcot Meeting At Mooney Grove Set For June 23

BAKERSFIELD, Apr. 28—Thirty-third annual meeting of Calcot has been set for Mooney Grove on Thursday, June 23. Some 5,000 members of the cotton cooperative and guests are expected to attend.

## BORROR HOLSTEIN HAS HIGH RECORD

SPRINGVILLE, Apr. 28 — Sequoia Julie L, a registered Holstein in the Mark L. and Bruce Borrer herd, has an official test record of 156,589 pounds of milk and 5,426 pounds of butterfat for 3,411 days of production.

Condition of California pasture and range feed was 73 per cent of normal on April 1, a little below the 10-year average.

THIS BRONC just naturally hates cowboys, as clearly indicated in the above photo, and it will be this sort of bronc that will provide thrills and excitement for rodeo fans as professional cowboys compete for world championship points at the Porterville Roundup, May 7 and 8, at the Rocky Hill arena on east Putnam avenue.

## FIELD STATION FOR WEST SIDE

FIVE POINTS, Apr. 28 — The Regents of the University of California will accept the deed to the West Side Field station from the San Joaquin Valley Field Station trust at a presentation ceremony in the headquarters of the Calflax company at Five Points on Tuesday, May 3. The trustees will turn over the deed to the 320-acre agricultural research station at a noon luncheon.

Next meeting of the California Fish and Game commission is set for May 26-27 at the state building in Los Angeles.

## STABILITY IS KEYNOTE OF OLIVE INDUSTRY

DAVIS, Apr. 28 — Stability is the likely keynote of the future in California's olive industry, a University of California economic forecast indicates.

The production outlook, probable consumption level, and return to farmers can be expected to change little during the foreseeable future, agricultural economist Jerry Foytik told growers and processors at the recent Olive day program on the Davis campus. "It appears," Foytik said, "that removals from production during the early 1960's will approximate new acreage coming into production. We can expect bearing acreage to continue at about the current level at 29,000."

"In view of probable changes in the varietal, geographic, and age distribution of trees, average yields somewhat above present levels can be expected. A sharp increase, however, is unlikely." Looking at trends in the uses of

olives, Foytik said it appears that more of the crop may be canned, while the relative importance of crushing for oil declines still further. But he added that a sharp decrease appears unlikely.

Sales of milk and ice cream through vending machines in 1959 amounted to \$80,000,000.

## GROWERS ADVISED TO ELIMINATE WEEDS IN AREAS AROUND CULTIVATED FIELDS TO CURB PESTS AND DISEASE

By Vincent H. Schweers  
Farm Advisor

VISALIA, Apr. 28 — As growers plan their insect and disease control it would be wise to check the area around their cultivated fields with the thought of eliminating weeds and volunteer plants.

Weeds are triple villains. They compete with the crop for nutrients. Weeds harbor insects that attack the crop. They also serve as hosts for important plant diseases.

Weedy fields or fields surrounded by weedy areas tend to have larger and more continuing insect problems than clean fields. Puncture bur, for instance, is a favorite host of mites.

Weeds often carry diseases such as curly top and cucumber mosaic. Insects transmit these diseases to the cultivated crops.

Often these weeds can be eliminated at the time the field is cultivated. Oil sprays will kill most insects as well as controlling the annual weeds. Other sprays that kill more slowly should be applied early in the season of insect control. The weeds should be dead before the crop is treated for insects so the crop is not reinfested by insects moving from the dying weeds into the crop.

## COTTON ACCOUNTS FOR LARGEST SHARE OF TEXTILE FIBER USED IN MODERN CLOTHING, HOME FURNISHING

VISALIA, Apr. 28 — Of interest to local cotton growers is a recent report of the Textile Economics bureau showing changes in textile fiber use during a ten-year period, 1949 through 1958. Amounts of cotton, wool and man-made fibers used alone or in blends were reported, according to their end uses.

Cotton made up the largest share of these three types of fibers, reports Mrs. Anna Price Garner, area home advisor.

Cotton accounted for almost two-thirds of all fibers used. During this period there has been a six per cent increase in use of man-made fibers, while wool usage dropped three per cent.

There were shifts in usage of manmade fibers too. Rayons and acetates dropped in popularity, while acrylic and polyester fibers increased in amounts consumed.

The greatest fiber content

change was reflected in the cotton used in women's, misses' and juniors' clothing. Here a 11 per cent gain was in evidence. Much of this increase was due to the current popularity of sportswear. The demand for more sports and leisure-time wear reflects our free hours from work as well as higher living levels.

Research developments in cotton fabric finishes also have contributed to its increased popularity.

The increased use of cotton is reflected in the amounts used for furnishing homes.

### Turner Brothers Granted State Scholarships

SACRAMENTO, Apr. 28 — Two brothers — Charles Wayne Turner and Floyd Duane Turner, of Porterville, have been awarded a California State scholarship for the 1960-61 school year, which can be used at the college of their choice, it was announced this week by State Senator J. Howard Williams.

Third Porterville recipient of a state scholarship is Jack Adams, Senator Williams reports.

### PORTERVILLE SHOWS RETAIL SALES GAIN

PORTERVILLE, Apr. 28 — Porterville showed a gain of 14.9 per cent in retail sales in 1959 over 1958, compared to seven per cent for the county as a whole, and 11.3 per cent for the state, it is reported by Allan Coates, manager of the Porterville chamber of commerce.

### WE ONLY HEARD

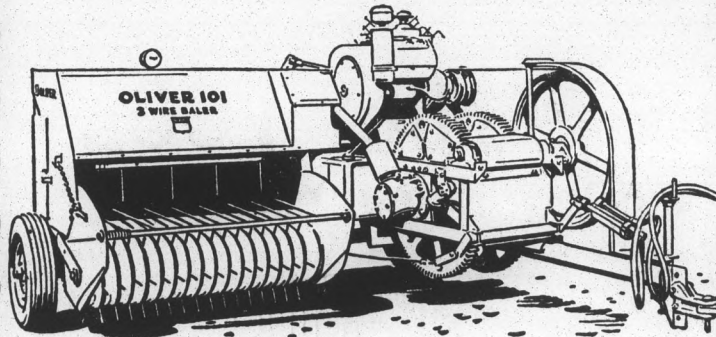

(Continued from Page 6)

the same time, offering all-day parking to store personnel, and others, within reasonable walking distance.

AND IT also appears that "back-door" parking for business firms will have to be provided by the firms benefitted, with city participation, perhaps, to whatever degree the "public good" seems to indicate.

BUT DON'T think the parking problem is something new. In a "letter to the editor" back in 1910, a Porterville area farmer tells the business men of Porterville that he and his farmer friends will do their buying elsewhere unless merchants provide a place to tie and water horses.

## PRAIRIE CENTER GIVES CHECK FOR CHURCH IMPROVEMENT; PLANS WORK ON PORTERVILLE FAIR GROUND

PRAIRIE CENTER, Apr. 28 — A check for \$50.00 was presented by the Prairie Center 4-H club, at its April meeting, to the Rev. Ward Pratt for remodeling of the Brethren church kitchen, and plans were made for club members to clean up and paint up the dressing rooms and the rest rooms on the Porterville fair grounds.

Report on work at the fair grounds was given by Bill McGivern, with this community project started on April 23. It was also announced that club members had been asked to serve at the barbecue that will feature the annual Strathmore Homecoming on May 7.

Mimi McGivern and Barbara Terry were appointed co-chairmen, with a committee consisting of Gayle Adams and Sharon Bradely, to nominate the delegates for the Junior Leader conference to be held at Davis later this summer.

Mrs. Alex Pelous reported on the County Field day, held in Exeter April 9th. Gold Seal winners were, Marilyn Parks and Betty Bennett as a team with their winning demonstration, "Hats Off". She told of other local girls competing, who received blue awards.

Don Collins told of the Project tour held March 26th.

Project reports given were: Sheep: Gayle Adams, Mimi McGivern, Barbara Terry, Ronald Aeschbacker, John Bagdanoff; steers: Elaine Jolliffe and Don Awbrey; sewing: Brenda Hobbs and Mimi McGivern; cooking: Brenda Hobbs and Mimi McGivern; goats: Mimi McGivern.

Taryann McGivern was named chairman of the Gift committee, her committee being Nancy Mason, Jackie Mason, Mary Yale, and Linda Evans.

Mrs. Maynard Glover announced that each 4-H club participating in 4-H camp this summer should prepare one leader and one junior leader to act as counselors.

Larry Awbrey announced he had the entry blanks for the Porterville Community fair, which is to be held May 19, 20, and 21. Anyone interested may contact him for entries.

Mrs. Cody Noel reminded all sewing members the deadline for entries at the County 4-H Fair would be Monday, May 2.

Orion Collins announced he had the entry blanks for the 4-H fair to be held at the Tulare County

Fair grounds May 6 and 7. Those wanting entries may contact him.

Pat Glover, Mimi and Tary McGivern reported on the "Foods With a Flair", demonstration given by Ruth Hogan, a member of the National Livestock and Meat Board Homemakers' service department from Chicago, who held a demonstration at the Edison Co. auditorium in Porterville recently. All three girls reported the meat prepared was delicious. A sample was given each girl attending, along with a recipe booklet telling many favorable ways of preparing meat.

One interesting topic she brought out was: meat may be prepared each day for one year and never repeat the same method of preparing it. The girls commented that this was something that each housewife should know. Mrs. John Guthrie, of Porterville was the one in charge of having Miss Hogan give this very interesting demonstration.

President Bill Collins presided at the meeting. Fifty-one members and seven adult leaders attended the meeting.

## State Ram Sale At Fairgrounds Monday and Tuesday

SACRAMENTO, Apr. 28—Ninety-one breeders from six states and 21 California counties, are making last minute preparations to bring the top cut of their yearling purebred rams and ewes to the 40th annual California Ram sale to be held at the state fairgrounds Monday and Tuesday, May 2 and 3.

Sifting of the rams will take place on Saturday, April 30, at 8:00 a.m., with those interested invited to attend and watch the close scrutiny given each animal.

On Sunday, May 1, the 28th annual California Wool show opens, and will include some of the best wool fleeces ever grown in the West. At 1:30 p.m. in front of the grandstand, the 22nd annual Far Western International Sheep Dog trials will be held. These dog trials annually draw hundreds of spectators to watch the clever Border Collies work.

Progress of canteloupes in the California desert regions is reported as good.

## Sea Water Conversion Plant Operated By Edison

OXNARD, Apr. 28 — The first general purpose sea water conversion plant on the Pacific Coast has been put into operation by Southern California Edison company at its steam electric plant on Mandalay beach near Oxnard, with an investment of \$250,000.

World-wide interest has been expressed in this project not only because it employs a new distillation principle but also because it will be the subject of an intensive three year research program.

Edison officials said the unit will be utilized to search for a

more economical method of extracting potable water from the sea by distillation. This plant, they said, is the first of its kind in the country to be used in conjunction with an existing steam-electric generation station.

## LEGAL NOTICE

**NOTICE OF INTENDED SALE OF GENERAL ON-SALE AND OFF-SALE LIQUOR LICENSES AND OF FURNITURE AND FIXTURES OF "THE EAGLE CLUB"**

NOTICE IS HEREBY GIVEN that Z. M. YOUNG, also known as Zeb Young, and AUDREY L. YOUNG, husband and wife, whose address is 1201 Villa, Porterville, California, as Vendors, intend to sell, transfer and convey to M. S. SOUZA and GABRIEL SOUZA, JR., whose address is 226 South "J" Street, Tulare, California, as Vendees, the following described property, to-wit:

Retail Package Off-Sale General Liquor License No. C-9309G, assigned to 113-115 N. Main Street, Porterville, California, in the name of Zeb M. Young, File No. 55762, dba "The Eagle Club".

On-Sale General Liquor License No. P-1781G, assigned to 113-115 N. Main Street, Porterville, California, in the name of Zeb M. Young, File No. 55762, dba "The Eagle Club".

All of the stock in trade, fixtures and equipment owned by vendors and used by them in conducting of their business — cafe bar and pool and card room — known as "The EAGLE CLUB" at 113-115 North Main Street, Porterville, California.

The vendors and vendees have entered into an agreement that the consideration for the transfer of said licenses and personal property is to be paid only after the transfer is approved by the Department of Alcoholic Beverage Control; that said sale of said licenses and property will be closed and consummated at the office of the escrow holder, Burford, Hubler & Burford, 520 East Mill Street, Porterville, California, when the consideration of \$15,000.00, allocated \$7,000.00 for the off-sale general liquor license and \$8,000.00 for the on-sale general liquor license will be paid after approval of the transfer has been secured from the Department of Alcoholic Beverage Control. Provided said approval of transfer has been secured, any consideration for said sale will be paid at 10:00 o'clock a.m. on May 12, 1960, at said office of the escrow holder.

## California Boy Wins "Juvenile Decency" Award

Robert Cicchi, 17, of San Francisco, handsome, husky and recipient of innumerable prizes and honors, added another laurel to his crown when he was named "Junior Citizen" of the Boys' Clubs of America in the northern Pacific region, it was announced by A. L. Cole, president of the national youth guidance organization.

Robert was selected on the basis of the quality and quantity of his service to home, church, school, community and his Boys' Club. He is one of six regional winners in the 600,000 member youth organization, which consists of more than 550 Boys' Clubs across the nation. He will receive a \$200 scholarship from a fund established by the Reader's Digest Foundation, to combat juvenile delinquency by encouraging higher education among less privileged youngsters. The national title of "Boy of the Year" was won by Nick Beck of Hollywood, Calif. Boys' Club, who received a \$500 scholarship award.

Young Cicchi, a member of the Salesian Boys' Club, is a senior at Sacred Heart high school. He is president of the student body; member of the varsity squad, excels in basketball, volleyball, track, baseball and swimming.

Bob lives at 1803 Stockton street with his father, grand-

Robert Cicchi

parents and younger sister, Susan. Because his mother has been hospitalized for ten years, he has become adept with a floor mop as with a football.

## Pest Control Weather Reports Are Given Daily

LINDSAY, Apr. 28 — Pest control weather forecasts are now being issued through the U.S. Weather bureau office in Lindsay, headed by Thomas R. Crossan.

Four county radio stations carry the forecasts: KTIP, Porterville, 1 p.m.; KCOK, Tulare, 12:35 p.m.; KONG, Visalia, 12 noon; and KRDU, Dinuba, 1 p.m.

The broadcasts will continue the end of May, Crossan states.

Condition of California cattle and calves as of April 1 was reported as 78 per cent of normal, somewhat below the 10-year average.

Historians believe that both cheese and butter have been used since 9,000 B.C.

ning in the judging rings. Dairy will be judged on Saturday. During the judging, 4-H members will be selected to take part in the showmanship contests, depending on how well they show their animals. Showmanship contests for the beef, sheep and swine will be Saturday morning.

Poultry, rabbits, crops and home beautification projects will be brought to the fairgrounds Friday afternoon or Saturday morning. They will be judged Saturday morning, starting at 9:00 a.m.

4-H members enrolled in the clothing project, who have exhibited a blue ribbon garment, will have an opportunity to model this garment at one of the two dress reviews to be held at the fair. The Junior Dress review will be held at 7:30 p.m., Friday, May 6, at the fairgrounds auditorium. The Senior or County Dress review will be held at 2:00 p.m., Saturday, also at the fairgrounds auditorium. The winner of this event will compete in the State Dress Review contest. A Fat Stock sale will be held, starting at 1:30 p.m. in the judging pavilion. Top quality 4-H animals will be sold at auction.

Plans for this year's fair were made earlier by the 4-H Council Fair committee appointed by the Council president, Jim Muller of Terra Bella 4-H Club. Members of the 4-H Fair committee are: Gordon Todd, Ducor 4-H Club, chairman; Jim Carlisle, Ducor; B. Blyleven, Oakdale; Lyman Treaster, Oak Grove; Bill Silveira, Palo Verde; John Saylor, Sr., Earlimart; Mrs. E. C. Williams, Oak Grove; Mrs. J. D. Andreas, Columbine; Mrs. James Mathews, Taurus; Mrs. Dwight Beall, Wilson-Dinuba; Mrs. Angie Cardoza, Liberty; Mrs. H. E. Haddock, Liberty; Mrs. Marvin Reid, Oak Grove; Mrs. Jack Twiford, Earlimart; Mrs. H. O. Phillipsen, Columbine and Mrs. Herman Guelker, Columbine.

## WOODLAKE RODEO PROFITS WILL BE DONATED BY LIONS CLUB TO CITY SWIMMING POOL DRESSING ROOMS

WOODLAKE, Apr. 28 — Dressing room fund for the new Woodlake swimming pool will receive the profit from the annual Woodlake rodeo that will be staged by the Woodlake Lions club May 14 and 15 at the Jackson ranch arena located on Highway 65, six miles north of Woodlake.

Woodlake Lions have put more than 1,400 man-hours of donated labor into development of the arena, which is one of the most colorful in the nation, and which will seat 5,000 rodeo fans. This year a new, closer parking area has been laid out, and, with plenty of wide open spaces around the arena, families are invited to bring picnic lunches and enjoy a day in the foothills, as well as an RCA-sanctioned, professional championship rodeo.

Lady Lions will operate five concession stands on the rodeo grounds, while the 34 members of

the Woodlake Lions club handle the various details of staging the show. New rest rooms and new concession stands will be ready for the rodeo.

Stock contractor for the show is Ray Kohrs, of Tres Pinos, who last year consolidated his rodeo stock with that of the Jackson Rodeo company and the famous Bob Barmby string, to make him the largest independent rodeo producer in the United States.

In addition to bronc riding, calf roping, team roping, steer wrestling and bull riding, champion barrel racers of the nation will compete in a special event; a greenhorn calf-tying contest is on the program, and the famous Visalia Rockettes, precision, all-girl, mounted drill team will perform on both days of the show. Frankie Ellis, of Hollywood, will appear as clown and bull fighter.

General program for Woodlake's

Roundup weekend includes a breakfast at the Woodlake Memorial building, starting at 7 a.m., May 14; a Roundup parade at 10 a.m., with over 75 entries and eight bands already signed; the rodeo at 1:30 p.m. and a Roundup dance at 9 p.m., starring Cousin Herb Henson and his Tradin' Post gang. The rodeo finals will be held the afternoon of May 15, at 1:30 p.m.

(Continued From Page 1)

Porterville's Main street are fore-runners of Western week in Porterville, May 1-8, when business firms and individuals will "go western" for the Porterville Roundup.

During Western week decorated store windows will be judged and store personnel will be checked for western dress. With actual judging between May 2 and May 6, a \$10.00 first prize will go to the business firm with the best window carrying out the western theme, while Roundup tickets will go to the employees of the store with the best dressed cowboys and cowgals during the week.

In the series of events planned for Western week, first will be selection of the Roundup queen, with horsemanship contest for queen contestants at the Rocky Hill arena at 10 a.m., Sunday, May 1. Following this contest the queen and her attendants will be announced.

Friday, May 6, will be western day at Porterville high school and college, at Bartlett junior high and at Pioneer junior high. At 10 a.m. on Saturday, May 7, a western parade, featuring bands, horse-drawn vehicles, and western riders will move down Porterville's Main street.

Official Roundup dance is scheduled for the "Cummings Ranch barn" the night of May 7, with Cousin Herb and his Tradin' Post gang providing music for dancing, plus special entertainment.

Nationally-known rodeo performers have already stated they will be at the Porterville Roundup. John Hawkins, champion bareback bronc rider from Twain-harte, who was honored at the California banquet of champions recently in Porterville, will com-

EVERY COWBOY doesn't throw a heart-shaped loop, as caught in the above photo, but a lot of cowboys will be roping for gold and glory at the 13th annual Porterville Roundup, set for the Rocky Hill arena May 7 and 8.

## 3-Day Open House

(Continued from Page 1)

New York, major facilities are located in New Jersey, Massachusetts, Wisconsin, Canada, Brazil and Argentine.

The new facilities between Lindsay and Strathmore include a high pressure power plant capable of generating the equivalent power of 24 railroad locomotives; installed at the plant are the world's most modern type of edible oil refining vessels.

pete, flying in from Tulsa, Oklahoma to make the Porterville show.

Bobby Christensen, voted the world's best pickup man at the National Finals rodeo in Dallas last December, will work the Porterville Roundup with Bub Gatzeman. Bobby, with his brother, Henry Christensen, is bringing the rough string of Christensen Brothers rodeo stock to the Porterville show, 24 head of which was selected for the National finals in Dallas.

And from Woodville will come a former world champion rodeo competitor, Jim Madland, who won the bull riding at Clovis last weekend, being one of only six cowboys out of 48 riders who stayed aboard the Christensen Brothers bulls at the Clovis show. Madland, now a Woodville area rancher, is a member of the Orange Belt Saddle club, organization that sponsors the Porterville Roundup.

Earliest harvest of sweet corn in the Coachella valley is expected about May 1, a little later than usual.

## IT'S TIME TO REMODEL

"That's Pa's idea of good air conditioning for a house, but it's hard to heat!"

Well there's a problem — but YOU can call us to solve your HEATING and AIR CONDITIONING problem — and YOU can be comfortable. An easy to pay FHA loan will finance your home improvements.

## Fair's Horse Show

(Continued From Page 1)

stake race, 14-18 years, entry fee; pleasure horse class, open, no entry fee; stock horse class, open, no entry fee.

All money received in entry fees will be paid back in each event on a basis of 60 per cent to the winner, 30 and 10 per cent to second and third place. Porterville fair ribbons will be given in all events from first to fourth place.

Trophy will go to the all-around champion of the show, the boy or girl winning the most total points.

Assisting Keck with the junior horse show and gymkhana are: Uly Priftike, entries; Donald Jones, timer; Bill Sturgeon, properties; Mal Weisenberger, starter, and Bill Rodgers, announcer.
